Taste

Gooseneck Cabernet is a timeless classic for any occasion. Full bodied and graceful, with soft layering notes of strawberries and ripe blackberries, it finishes with a silky mouth feel.

Story

Inspired by the origins of California wines, whose vines were first planted by the Spanish colonists, Gooseneck Vineyards team worked with generational farmers in the Old World to create this cabernet sauvignon. Collaborating with a local winemaker, who recently won a gold medal for his work as the most important red wine producer in Valencia, we searched the historical cabernet vineyards of the local farmers for the fruit to create the Gooseneck Vineyards Cabernet Sauvignon. Our goal was to harness the power of the fruit and add the elegance every Gooseneck Vineyards wine delivers.

Perfected at the winery, whose name has been mentioned in 15th century books found in the library of the Medici family in Florence, the result of the team's unrelenting work is this Gooseneck Vineyards Cabernet Sauvignon.

Complements

Gooseneck Vineyards Cabernet is a timeless classic for any occasion and an enhancement for any tabletop. Particularly excellent fit for dark meats, firm cheeses, and hearty pasta dishes.
