

# GOOSENECK VINEYARDS®

## Artist Series Cabernet Sauvignon

### *Taste*

Gooseneck Vineyards Artist Series Cabernet Sauvignon showcases the depth and elegance of exceptional Napa Valley fruit. Rich aromas of black cherry, cassis, blackberry, cedar, and baking spice lead to a full-bodied palate with refined tannins, layers of dark fruit, and subtle mocha and vanilla notes. The wine's structure and complexity carry through to a long, elegant finish. Built to enjoy today while rewarding additional cellaring.

### *Story*

Gooseneck Vineyards was born from a passion for New England's shoreline, its world-class seafood, and the moments shared around the table with family and friends. The Artist Series brings that vision to life by pairing iconic regional artwork with wines from exceptional growing regions around the world—creating a special bottle that celebrates the culture, beauty, and hospitality of coastal New England.

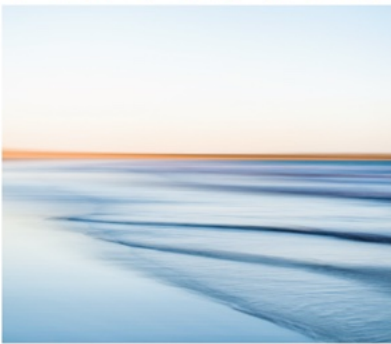

This limited-production series celebrates the beauty of Rhode Island through the connection of wine and art. The label features an original photograph of First Beach in Newport, Rhode Island, by acclaimed coastal photographer Cate Brown, capturing the timeless character of Rhode Island's coastline.

A Rhode Island-based commercial and fine-art photographer, Cate Brown is known for capturing authentic life outdoors and by the sea, with work inspired by coastal landscapes, sailing culture, surf, and the enduring connection to the ocean. This collaboration between Gooseneck Vineyards and Cate Brown Photography unites Rhode Island artistry with exceptional Napa Valley winemaking. Crafted from premium Napa Valley fruit, it is a celebration of place, craftsmanship, and the moments that bring people together.

### *Complements*

An exceptional pairing for grilled steaks, lamb, braised short ribs, wild mushrooms, and aged cheeses. Its refined tannins, depth, and elegance make it an ideal companion for memorable meals and gatherings.
